## MEMORANDUM FOR THE RECORD

SUBJECT: Briefing of David Martin of Staff of the Senate  
Internal Security Subcommittee

1. This afternoon, from about 1430 to about 1550, [redacted] of OER, [redacted] of OLC, and I met with David Martin, member of the staff of the Senate Internal Security Subcommittee, in room 2300 of the Senate Office Building. This session was at the request of Martin, who had asked for more information about the Burmese "White Flag" Communists and other insurgent elements in north-eastern Burma. [redacted] briefed him on the various insurgent groups. There followed considerable discussion on opium production and movement, and [redacted] went into some detail on the opium-producing areas and the marketing routes. All went well.

2. Also at this session, we returned to Mr. Martin two maps (one of Laos, one of a larger part of Southeast Asia) which he had sent here through [redacted] late last week with a request that we check them for general accuracy and security. Mr. Martin had marked the maps to show areas held by Communist forces, poppy-growing areas, and the road from Dien Bien Phu southward into Laos. They were small maps and Mr. Martin's markings on them had been put on very roughly. We indicated for him the places where the markings could be changed to reflect more accurately the true situation.

3. Martin indicated that General Walt will testify again before the Senate Internal Security Subcommittee somewhere in the period 11-14 September.
